

Maxol Glycolube 150

Description:

Maxol Glycolube 150 is a synthetic industrial gear oil based on poly-alkylene-glycol under addition of special additives.

- Natural high viscosity index
- Excellent high and low temperature properties
- Very good resistance towards high pressures and shock loads
- High resistance against oxidation
- Long service life
- Strong reduction of wear

Application:

This synthetic oil is suitable for the lubrication of heavy loaded mechanical gearboxes and bearings with a high thermal load. In comparison with mineral industrial gear oils a substantial extension of the oil drain interval is possible. This oil should not come into contact with aluminium and aluminium alloys.

Performance Level:

DIN 51517-3 CLP

Typical Characteristics:

Density at 15 °C, kg/l	1.025
Viscosity 40 °C, mm ² /s	150.00
Viscosity 100 °C, mm ² /s	24.00
Viscosity Index	200
Flash Point COC, °C	270
Pour Point, °C	-42

Important:

Always observe the manufacturers specifications when selecting products.
Maxol Lubricants reserve the right to change this product specification without notice.
