REMOTE

PRODUCT NAME: CAVIUS SMART REMOTE

PRODUCT NUMBER: CV9001

PRODUCT DATA:

DEVICE TYPE:

Smart remote with emergency light.

USAGE:

Designed to alert with a rapid flashing warning light, vibration and buzzing when alarming and to remote control the Cavius Wireless alarms Family. Torch function to find escape routes at night.

INSTALLATION POSITION:

The body of the remote has a build-in magnet so that the remote can be installed on metal surfaces.
A lanyard can also be added to the end of the product so the remote can hang from a hook.

PRODUCT DIMENSIONS:

D: 58 mm x W: 140 mm

PRODUCT WEIGHT:

Base remote weight: 48 g.

OPERATION AC/DC:

DC

BATTERY TYPE:

3 x AAA batteries supplied with the Smart Remote.

LOW BATTERY INDICATION:

A short acoustic beep will sound to notify a low battery voltage.

INTERLINK FREQUENCY:

868 MHz, max 20mW

SIGNALS:

Transmits RF signals to the Cavius Wireless Family at alarm.

INTERLINK RANGE:

Minimum 100m in open field as a receiver, and within short range to silence an alarm. Range depends on the building materials and will need to be tested in each individual case.

SOUND:

Audible indicator.

PUSH BUTTON:

The Smart Remote is equipped with 3 switches:

Sliding learn switch to connect to other alarms in the wireless family.

Test/hush button at the end. Torch button on the side.

WARRANTY:

10 year
